Dr. David A. Shub, Director  
Center for Molecular Genetics  
University of Albany - SUNY  
1400 Washington Avenue  
Albany, NY 12222

Dear Dr. Shub:

The Scientific Director and CTR's staff have discussed your request for partial support of the Albany Conference, Molecular and Cellular Responses to Oxygen, to be held on September 12 through 15, 1991 at the Rensselaerville Conference Center.

The molecular mechanisms involved in the oxidative stress response and in redox control of transcription, translation and enzyme activation are areas of importance to the mission of The Council. I therefore am pleased to tell you that we will make a contribution of \$1,000.00 to help defray the costs involved. A check for that amount, payable to The Albany Conferences, is being sent to PO BOX 8836, Albany NY 12208-0836.

We request only that you provide a short written acknowledgement of the contribution and that these funds not be used to reimburse expenses incurred by participants from the industrial sector.

Sincerely,

Arthur D. Eisenberg
